# The Handle

## The icing on the cake

The handle plays a relevant role to complete the image, benefits and functionality of your door. In Sanrafael Doors, designers and technicians have developed a great aesthetic variety for you to complete the door your way.

To help you, we have classified our handles by styles. In every style, the technical features of the handles are distinguished by class.

We recommend options for brass low in lead. Design? Choose the most suitable for your door!

Model Bent Series Ergonomy

Model Upper Series Luxury

Model Arco Series Ergonomy

Modelo Modelo Arco Serie Ergonomy
